HEALTHY SNACKING • A HAPPIER YOU

Real Fruit. Gently Dried. Purely Natural.

At Froulytix™, we believe that nature already has everything we need to create delicious and convenient food.

Born from our connection with farming and fresh produce, Froulytix was created with a simple idea — to transform real fruits and vegetables into convenient products that fit naturally into everyday life.

Our journey begins with carefully selected fruits and vegetables that are gently dehydrated to create convenient, flavourful products without unnecessary additions.

OUR PROMISE

100% Natural

Made from real fruits and vegetables.

No Added Sugar

We keep the natural character of the fruit at the heart of our products.

No Preservatives

No unnecessary preservatives added to our current range.

Gluten Free

Our current products are labelled gluten free.

Made in India

Proudly created and packed in India.

FROM FARM TO PACK

Our connection with farming gives us a unique appreciation for fresh produce.

With our own dragon fruit farm, our journey started by exploring new ways to use and enjoy fresh fruit beyond its traditional form. This idea led us to dehydration — creating products that are convenient, easy to use and suitable for modern lifestyles.

OUR VISION

To make naturally prepared fruits and vegetables a convenient part of everyday life. From snacking to smoothies, breakfast bowls, baking and desserts, Froulytix brings real fruit into more moments of your day.
